ABOUT ME

My name is Dusan, and I am web designer and front end developer. Right now i am based in Serbia, in the small city called Vrnjacka Banja. I am 20 years old. Have very strong knowledge in designing programs like Photoshop, Illustrator, Xd and also in HTML, CSS and Java Script. I have two big goals, first is to change the country where i am living right now, and second is to travel all around the globe and see all exotic places.
